

LET'S GET STARTED

QUICK TUTORIAL TO HELP WITH MEMBERSHIP QUESTIONS AND RESOURCES

Resources – www.aausports.org - detailed information and online registration

(If you have a district gymnastics web site, that information should be listed as a resource for specific information regarding your district. – Include a link to national site for information regarding how to join and send your web site address to National Sports Administrator for posting on national site.

AAU's first priority is you and your athletes. Before registering check with your local office or sports district director liaison to see if our program **will meet your needs and goals in regards to insurance and events available for your sport and athletes.** We are ready to assist you. It is important to understand that all AAU memberships are valid from September 1 through August 31 of any given year. All memberships must be renewed each year in order to maintain any benefits offered through these memberships.

1. Determine which level of club membership. An AAU club can consist of one team or 100 teams. You can designate yourself as a youth club, an adult club or both depending on your membership needs.

- Level 1 – If you plan to participate in AAU events but not host any events, this is the level for you.
- Level 2 – If you want to host AAU events such as Invitational, Leagues, etc., then this is the level for you.
- Level 3 – If you would like to host events and to be classified as a 501(c)3 organization under the AAU organization, this is the level for you. Contact National Office to discuss requirements and procedures for attaining this level.

2. Familiarize yourself with the different individual membership options available for insurance and participation in AAU licensed events. Once you have your AAU club membership, you want to make sure **that each of your athletes and non-athletes (coaches) become individual members** of the AAU. **Best bet call member services to explain this difference.**

- Regular
 - AB Extended Coverage also known as Added Benefit
- Go to www.aausports.org to decide which option best suits your needs or contact Member Services a 407-934-7200.
